**IMPORTANT INFORMATION**  
**Itinerary Change**

Dear Valued Guests,

On behalf of Norwegian Cruise Line (NCL), we thank you for your loyalty and for making us your vacation of choice. We hope you are enjoying your time onboard with us thus far.

The Italian government has limited cruise ships of a certain size with the ability to sail into the Venice Lagoon and dock at the piers normally earmarked for large cruise ships with the intention to preserve the lagoon for generations to come. This means, at best, any call to Venice would require cruise ships to anchor outside of the lagoon and utilize tender boats to access the Port of Venice. As a result, we had modified the itineraries for Norwegian Gem to tender guests to Venice.

While we have made every effort possible to maintain calls to Venice, the tender operation and overall experience this provides our guests has fallen short of the standard we aim to deliver. As a result, our call to Venice will be replaced with a call to Trieste, Italy and arrangements have been made to ensure all guests still have the opportunity to explore the magical city of Venice. The revised itinerary is as follows:
