IMPORTANT INFORMATION
Voyage Cancellation

Dear Valued Guests and Travel Partners,

Your planned cruise on Norwegian Star's November 20, 2026, sailing has unfortunately been canceled due to a change in her dry dock location. While she's off to get a little pampering of her own, we know this wasn't the kind of update you were expecting, and certainly not the one you were hoping for. As passionate cruisers ourselves, we truly apologize for any disruption or disappointment this has caused and want to assure you that we're here to make this process as smooth as possible. Travel partners are asked to please ensure that impacted clients review this information.

Now, let's talk about what happens next, here's everything you need to know:

A full monetary refund of the fare paid for the canceled cruise will be automatically returned to the original form of payment provided at the time of reservation. No further action is required; the refund will be automatically processed within 30 business days. You will see the refund returned to the original form of payment seven to 10 business days from the processed date. The visibility of the funds is dependent on each financial institution's internal policies.

For those reservations paid via a previously issued Future Cruise Credit (FCC), 100% of the FCC used will be automatically re-applied to your Latitudes account within 10 days of the cancellation date. No further action is required.

We recognize this change wasn't part of your original travel arrangements, and as a token of our appreciation for your patience, we're pleased to offer you a 10% discount in the form of a FCC to be used towards any of our published sailings through December 31, 2026. The FCC will be available for use beginning on June 2, 2025.

If you're still dreaming of that perfect getaway, we have some fantastic alternative sailings with a similar itinerary:
