IMPORTANT INFORMATION
Voyage Cancellation

Dear Valued Guests and Travel Partners,

Your planned cruise on Norwegian Getaway's August 25, 2026, sailing has unfortunately been canceled due to an update in her charter schedule. Travel partners are asked to please ensure that impacted guests review this information.

Every now and then, unexpected changes come our way that can impact even the best-laid plans. While we work diligently to lock in our charter schedule well in advance, circumstances can still shift, and occasionally, adjustments are needed.

As passionate cruisers ourselves, we understand this was not in your plans, and we sincerely apologize for any disappointment this may cause. We truly appreciate your understanding and want to assure you that we're here to make this process as seamless as possible.

Now, let's talk about what happens next. Here's everything you need to know:

A full monetary refund of the fare paid for the canceled cruise will be automatically returned to the original form of payment provided at the time of reservation. No further action is required; the refund will be automatically processed within 30 business days. You will see the refund returned to the original form of payment seven to 10 business days from the processed date. The visibility of the funds is dependent on each financial institution's internal policies.

For those reservations paid via a previously issued Future Cruise Credit (FCC), 100% of the FCC used will be automatically re-applied to your Latitudes account within 10 days of the cancellation date. No further action is required.

We recognize this change wasn't part of your original travel arrangements, and as a token of our appreciation for your patience, we're pleased to also offer you a 10% discount in the form of a FCC to be used towards any of our published sailings through December 31, 2026. The FCC will be available for use beginning on June 9, 2025.

If you're still dreaming of that perfect getaway, below are some fantastic alternative sailings similar to your original itinerary:
