IMPORTANT INFORMATION

Itinerary Change

Dear Valued Guests and Travel Partners,

We've made an update to your itinerary for the upcoming Norwegian Jade cruise setting sail on May 4, 2026. Travel partners are kindly asked to ensure that impacted guests review this information.

We know that planning a vacation is practically a full-time job. Between researching, coordinating, and cramming everything you might need into a suitcase that barely zips, it's a whole production, and we see you. So when we make an itinerary change, it's never just a line on a map. It's a decision we consider carefully, always keeping your experience at the heart of it.

With that in mind, we are delighted to let you know that we've added a scenic cruise through Glacier Bay National Park, one of Alaska's most breathtaking treasures. Imagine sailing past towering ice-capped mountains, watching massive glaciers calve into the sea, and keeping your eyes peeled for wildlife such as humpback whales, sea otters, and bald eagles. It is a once-in-a-lifetime experience that few travelers ever get to see, and we are thrilled to share it with you.

To accommodate this incredible addition, we've removed our cruise past Hubbard Glacier, and we have adjusted the timing of our scheduled visit to Icy Strait Point, Alaska. Your updated itinerary is below, so you can start picturing all the unforgettable moments waiting for you on board.
